Biocomposites Conference Cologne

7th Conference on Wood and Natural Fibre Composites

6–7 December 2017, Maternushaus, Germany

Largest biocomposites conference in Europe

Organiser

Following the recent trends of the wood and natural fibre composites market we have changed the name of the conference from 7th Conference on Wood and Natural Fibre Composites into Biocomposite Conference Cologne. It is the largest conference in Europe on bio-based composite materials and it is expanding. More than 250 participants and 30 exhibitors mainly from industries are expected!

Market opportunities through intersectoral innovation in biocomposites

- The world's most comprehensive biocomposite exhibition
- Vote for "Biocomposite of the Year 2017"
- Gala dinner and other excellent networking opportunities

Biocomposites Conference Cologne

7th Conference on Wood and Natural Fibre Composites

Sponsoring

Present your company in the trend-setting environment of the Seventh Biocomposites Conference Cologne. We offer you the opportunity to present yourself as a sponsor, dinner, lunch or coffee break host. These and other sponsoring opportunities ensure a perfect presentation of your company and offer manifold ways of communication.

Exhibition

The exhibition provides all interested companies, associations and institutes with the possibility of informing all conference participants about new products and developments, of establishing new networks and interacting with the experts.

Award "Biocomposite of the Year 2017"

Producers and inventors of new innovative biocomposites are invited to hand in their applications to the Award "Biocomposite of the Year 2017". The jury of the programme committee will nominate the six best candidates, which will be presented to the conference audience at the first day of the conference. The winner will be awarded in the first evening during the gala dinner.

Programme Committee

A prestigious committee has been set up for the programme, consisting of representatives of the following companies and institutes:

- **Dr. Elmar Witten** | AVK – Industrievereinigung Verstärkte Kunststoffe e.V.
- **Katharina Brozyna** | BASF Color Solutions Germany GmbH
- **Peter von Hoffmann** | Coperion GmbH
- **Thorsten Weber** | Der Grüne Punkt – Duales System Deutschland GmbH
- **Dr. Hans Korte** | Dr. Hans Korte Innovationsberatung Holz und Fasern
- **Jens Fischer** | DRW-Verlag Weinbrenner GmbH & Co.KG, Holz-Zentralblatt
- **Dr. Arne Schirp** | Fraunhofer-Institut für Holzforschung – Wilhelm-Klauditz-Institut WKI
- **Prof. Dr.-Ing. Jörg Müssig** | Hochschule Bremen – City University of Applied Sciences
- **Dr. Andreas Haider** | Kompetenzzentrum Holz GmbH
- **Michael Carus** | nova-Institut GmbH
- **Dr. Asta Partanen** | nova-Institut GmbH
- **Dr. Peter Sauerwein** | Verband der Deutschen Holzwerkstoffindustrie e.V. (VHI)
- **Jörg Golombek** | Werzalit GmbH + Co. KG
